ABOUT

An enthusiastic and motivated PHP software developer seeking further career progression. Two years commercial development at LGH and General Electric. Currently re-developing two CMS systems which will be transitioned from raw PHP to Laravel. Previous vast experience with BigCommerce and Shopify custom theme development as well as ample knowledge of Wordpress. Strong passion and understanding of front end design with a embedded knowledge of user interaction. Successfully developed and managed a male online clothing company, JMR Clothing, from 2015 to 2018. Avid rugby league enthusiast and Wigan Warriors supporter.

EXPERIENCE

LGH: Junior Software Developer (2019-Present)

Tasks: Laravel development, CodeIgniter development, PHP, jQuery, JavaScript, Sass, Git versioning (using BitBucket), MySQL, Ajax, DeployHQ and weekly sales reporting development.

GENERAL ELECTRIC: Intern Web Developer (2017 - 2018)

Tasks: BigCommerce theme development, HTML, CSS, jQuery, JavaScript, 3D modelling, Git versioning.

JMR CLOTHING: Owner (2016 - 2018)

Tasks: Shopify theme development, product design, product manufacturing, sales reporting and customer support.

EDUCATION

LEEDS BECKETT UNIVERSITY: BSc Computing
(2015 - 2019) 2:2 Classification

WIGAN & LEIGH COLLEGE: Level 3 Computing Diploma
Distinction*
